This book is a web complement to MATH 80601A *Bayesian modelling*, a graduate course offered at HEC Montréal.

These notes are licensed under a Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International License and were last compiled on Sunday, July 16 2023.

The objective of the course is to provide a hands on introduction to Bayesian data analysis. The course will cover the formulation, evaluation and comparison of Bayesian models through examples and real-data applications.
